

## Coming Social Events.

**Seneca Camp, Modern Woodmen Easter-Monday Ball.**

**Mining School Ball Tuesday**

**Next in Order is the Laurium Band Ball—Light Guard Social Takes Place on the 30th Inst.**

With the close of the Lenten season this week social life will awaken after several weeks of apparent quietude and many events of more than ordinary social notice are announced to take place.

The first dance is the annual ball to be given by Seneca Camp, Modern Woodmen of America, at the Light Armory next Monday evening. The members of the decorating committee were at the Armory last evening starting the work. The decorations promise to be out of the ordinary and symbolic of the lodge and its name. Karkeet's Ideal orchestra will furnish music and the attendance will no doubt be large.

The next evening the Mining School ball will occur at Houghton and a number of Calumet people intend taking that in.

On the following Friday the Laurium cornet band give their annual ball at the Light Guard Armory and great preparations are under way for the event.

On the next Friday, the 30th inst., the Light Guard will give one of their enjoyable social dances. Invitations for which are now on the presses and will be issued in a few days. The Fifth Infantry band will furnish music for the event.

### Lodge Room Improvements.

The work of renovating the Odd Fellows lodge room in the Union building is now nearly completed, and a seater and more comfortable one would indeed be difficult to find in the county.

The new steel ceiling put in is of a neat design. The steel ceiling was put in by Bajari & Ulseth. John Tachell, the painter, has also been at work and the ceiling is tinted with attractive colors which add much to the appearance. The wood work about the hall has also been treated to a few coats of oil.

The parlor has also been renovated and put in better shape than ever before. The main hall and the ante room and parlor have all been re-carpeted with a heavy Brussels, and all in all, the lodge room is in such fine shape now that every member of the society should feel proud of it.

### The True Remedy.

W. M. Repine, editor Tiskilwa, Ill., "Chief," says: "We won't keep house without Dr. King's New Discovery for consumption, coughs and colds. Experimented with many others, but never got the true remedy until we used Dr. King's New Discovery. No other remedy can take its place in our home, as in it we have a certain and sure cure for coughs, colds, whooping cough, etc." It is idle to experiment with other remedies, even if they are urged on you as just as good as Dr. King's New Discovery. They are not as good, because this remedy has a record of cures and besides is guaranteed. It never fails to satisfy. Trial bottles free at Macdonald's drug store.

### Passiontide Services.

The Rev. D. Reilly, of Hancock, preached a touchingly tender and beautiful sermon in the First Congregational church last night on "The Passion of Gethsemane" to a congregation that filled the spacious parlors. These services have been of marked interest from the beginning and have grown in numbers and power every night. Tonight Dr. Hunter will deliver a good Friday sermon, subject, "They Watched Him There." A most cordial invitation is extended to all to come and share in these meetings. They begin promptly at 7:30 o'clock.

Next Saturday evening, April 17, there will be a grand entertainment at the Opera House, by the Boston Ideal band, mandolin and guitar club, assisted by Charles T. Griley, humorist. This is the sixth and last number of the Y. M. C. A. star course, and promises to be the best of the course. Reserved seats are now on sale at Fichtel's. Price of admission has been placed at 25, 50 and 75 cents.

### A Fine Lot of Horses.

Manier & Hunt, of the Laurium stable, have received a telegram stating that a carload of horses will arrive here for them tomorrow. Among the number will be found some splendid drivers and others for general purposes. The horses are all well bred and come from the southern part of the State. An invitation is extended to all to call and inspect them.

New rock cars for use on the Hancock and Calumet railroad, are being received every few days from the car shops at Marquette, and are being put into service as fast as they are received. The new cars are built on very much improved plans to meet all requirements of the service. They are large double-deckers and can carry eighteen tons of mineral without crowding.

Bicycle agents are receiving wheels and sundries every day, and it goes to show that they are making great preparations for the cycle show to take place at the Armory April 24, 26 and 27. There will be fifteen booths handsomely fitted up, and sixty-four different kinds of wheels will be shown. It will be a grand sight. Don't miss it.

W. D. Parker, president of the River Falls normal school, of Wisconsin, was in the city yesterday. He spent part of the day visiting the schools and also took in the sights about the mine. Mr. Parker is an old friend of Superintendent Cooley, and has a son attending the Mining School at Houghton.

Major and Mrs. Gifford, of the Salvation Army, arrived in the city on the afternoon train yesterday. Last evening an excursion load of Salvationists from the local corps went to Lake Linden on a special train over the H. & T. L. railroad. A big meeting was held at Lake Linden.

### Stole Church Carpet.

The Fourth Presbyterian church at Indianapolis has heretofore boasted the most magnificent carpet in the city, an axminster of plain blue, relieved only by a simple flower-de-luce in yellow. It was put down a few months ago at a cost of \$700. When the church was opened for service recently, it was discovered that thieves had effected an entrance and hacked off about 60 yards of the carpet and carried it away. A number of pews had been piled up in order to raise the carpet.

### Davitt Thinks Cuba Should Be Ours.

"There is such a thing as too much conservatism," said Michael Davitt, the Irish patriot, recently. "I like the American plan of being contented with what territory it has instead of going around stealing everything in sight, as England does, but it seems to me the policy is carried too far when objection is made to the annexation of Cuba. The United States should own Cuba. In any event, it is the duty of the government, for humanity's sake, to stay the present war."
